Dear Jimmy,

It looks as tho we will be
going to Wash. D.C. in October.

I don't need to say anything
more about that now because Mary
just called to tell me she had
just talked to you. I think it is
very exciting that you are moving
back to the Watergate. I love that
place. You will be so busy
getting settled that I am sure it
is a relief not to plan to come
back here at that time. We are
anxious to see you. Mary wants
us to be there the month of Oct.
since Mike will be here and then
she will be free to go as much as
she wants to.

We are now thinking of driving
our car back. I think it would
be so much fun. We would

join the Automobile Club and
they will map out the route, altho
we can do that also. We will
probably stop in Minneapolis on the
way as it will be the first of Nov.
when we leave Alexandria. If dad
thinks the trip is too long we will
sell our car there and fly home
and buy a new car. I can even
bring my ice chest along for our
lunches and snacks.

I hope dad stays enthusiastic.
See you October 1st.

Love,
Mom
